The Honorable John V. Evans
Governor
State of Idaho
Boise, Idaho

Dear Governor Evans:

The Seventy-Eighth Annual Report of the Department of Insurance of the State of Idaho is hereby submitted in accordance with the provisions of Section 41-216, Idaho Code.

The report describes various activities of the Department of Insurance for the fiscal year ended June 30, 1979, including a detailed accounting of the $14,129,346.00 received and the $521,975.00 expended by the Department during such period, and summarizes statistical and other information on the activities of all companies regulated by the Department during the calendar year 1978.

Respectfully submitted,

Monroe C. Gollaher

Monroe C. Gollaher
Director
Department of Insurance

DUTIES AND RESPONSIBILITIES

The authority, duties and responsibilities of the Department are set forth in Title 41 of the Idaho Code. In essence, these duties and responsibilities are the protection of the public interest in the broad field of insurance, through the enforcement of the provisions of the Idaho Code.

The more specific duties include the admittance of insurers to transact insurance in Idaho; the examination of companies; the acceptance and review of annual statements and examination reports submitted by the insurers; the licensing of agents, brokers, solicitors, adjusters and consultants; the acceptance of and review of insurance policies, forms and rates submitted by the insurers for filing and/or approval; the examination of agents, brokers, consultants, managers, adjusters, promotors; promulgating rules and regulations necessary for or as an aid to the effectuation of any provision of the code; issuing orders and notices and holding hearings as necessary for the enforcement of the code; the collection of all taxes and fees, fines and penalties and the remittance of all such monies to the State Treasurer; submitting annually to the Governor a report of all monies received and disbursements made by the Department; reporting annually to the Governor on the status of all insurers transacting insurance in Idaho; retaining all necessary records and filings; and making recommendations for amendments to the insurance law, which, in its opinion, are desirable.

OBJECTIVES AND GOALS

The goal of this Department is to administer the insurance laws and regulations in a manner that will give the greatest possible protection to the public and to assist them in obtaining the full benefit of their insurance coverages.

The objectives for the ensuing year are to continue to offer our services to the public and to the companies whenever needed; to strive for a better education of all our Idaho residents in the field of insurance, including their rights and benefits under their insurance contracts, and how to choose those contracts wisely; to scrutinize the insurance industry for any unethical, illegal or misleading practices; and to maintain sound financial requirements for insurance companies.

CONDENSED LISTING OF LEGAL REFERENCES RELATING TO THE DEPARTMENT

1. Idaho Code, Title 41, and Chapter 23, Title 49.
2. Current Regulations (through No. 34) and Bulletins (through 79-2) published by the Department of Insurance, State of Idaho.
3. Official opinions of the Attorney General relating to insurance which this year included official Attorney General Opinion No. 78-35.

MAJOR POLICY ADOPTIONS AND CHANGES DURING THE FISCAL YEAR ENDING JUNE 30, 1979

EFFECT OF THE 1% PROPERTY TAX LIMITATION ON THE DEPARTMENT OF INSURANCE

During the fall of 1978 a petition for property tax relief was successfully circulated throughout the State with the result that Idaho citizens voted to limit property taxes to 1% of market value and to limit property tax increases to not more than 2% each year. Implementation of this initiative by the Legislature would result in reductions of revenue to many school districts, municipalities, counties, and other local tax districts of 30% or more. This drastic drop in revenues would have had a catastrophic effect on local tax units had the Idaho Legislature attempted to immediately implement the initiative. Consequently, the Legislature delayed the implementation for one year and attempted to soften the impact of the initiative on the local taxing units by passing legislation giving State aid in various forms to the Idaho school districts, counties, and municipalities.

Of course, State aid could not be granted without reducing the normal expenditures of State agencies. Consequently, Governor Evans ordered all agencies to prepare what is known as a zero-base budget, that is all agencies would have to establish the actual cost of operating each and every function the agency performed rather than utilizing the traditional method based on maintaining current operations and adding the increased inflationary costs plus the cost of any new and desirable programs.

For the sake of making a historical comparison, the appropriation for fiscal year 1976-1977 was $439,700, the appropriation for fiscal year 1977-1978 was $483,300, and the appropriation for fiscal year 1978-1979 was $522,000. All of the foregoing appropriations were based upon the cost of maintaining the same operational level by employing 22 persons and approximately 3 months of part-time help.

However, even though the cost of maintaining current operations would have been $566,000 for fiscal year 1979-1980, the Legislature only appropriated $522,900. This drastically reduced appropriation includes funds for only 21 full-time employees whose salaries and benefits must be paid for out of an appropriation of $405,400 for personnel costs. The appropriation for operating expenditures of only $117,500 represented a 20% reduction from the previous actual expenditures during fiscal year 1978-1979 operating costs of $147,985. No funds were provided for travel out of State. Also, funds for travel in State were severely curtailed and no funds were provided for capital outlay. The personnel cost appropriation of $405,400 was not sufficient to provide any merit pay raises to State employees and would actually have been inadequate to continue the employment of all existing personnel. Such was the devastating effect of the 1% property tax limitation on the Department of Insurance.

At this writing, however, it does not appear that any personnel will be involuntarily terminated because of the resignations of 3 high seniority employees. Both the Chief Administrative Officer, Mr. W. W. Roberts, and the Chief Clerk, Mrs. Alice Baird, retired in December 1978. Also, the Chief Deputy Director, Mr. David Vaughn, resigned to enter into private law practice in January 1979. The foregoing key personnel will be sorely missed, but they have been replaced by employees who were hired at Step A in their respective pay grades which resulted in a sufficient savings in personnel costs so that it will not be necessary to terminate any other employees.

The Insurance Department still has a very able staff, and although it is seriously undermanned with no reserve for unexpected

situations such as an insolvency of a domestic insurer, I believe we will be able to successfully continue our operations through this financial crisis. It is, however, important for members of our staff to meet with their counterparts in the insurance departments of our adjacent states at least once a year in order to resolve problems such as licensing nonresident agents and the financial difficulties of insurance companies attempting to write policies in the western states. Key Department personnel, namely the director, the chief deputy director, and the chief examiner, should also attend the two NAIC conferences held each year in June and December so as to keep themselves informed as to current insurance problems and the efforts being made on a national basis to resolve these problems in a uniform manner.

MEDICARE SUPPLEMENT POLICIES ISSUED BY HEALTH INSURANCE COMPANIES

Abuses in the sale of so-called "Medi-gap" health insurance policies to the elderly appears to be increasing. These abuses occur when persons receiving social security benefits and thus eligible for Medicare insurance attempt to purchase insurance from the private insurance industry to supplement the federal insurance program and are subsequently urged to purchase excessive amounts of insurance or are led to believe that all of their health insurance needs will be met by the purchase of one or more supplemental Medicare policies. Director Gollaher has met on several occasions with various consumer groups such as the American Association of Retired Persons and representatives of the Social Security Administration and has promised them that Regulation No. 30 of the Department (which established minimum standards for individual accident and health policies) will be revised in an attempt to prohibit these abuses. Director Gollaher also promised that a "Buyer's Guide" pamphlet would be developed by the Department to assist the elderly in their choice of supplemental Medicare policies.

However, it appears that the root of part of the problems encountered by the elderly in obtaining full protection lies with the Social Security Administration's development of so-called "reasonable charge" schedules that are in some cases only 60% of the usual and customary fees charged by Idaho physicians! Perhaps this problem can be partially resolved in an amendment to Regulation No. 30, but it does not seem feasible to require the private insurance industry to make additional payments whenever the Social Security Administration elects to underpay physicians' fees. The problem is further complicated by the Social Security Administration's practice of periodically increasing the deductible and percentage of medical expenses that the elderly must pay. It is, therefore, obvious that this matter will demand a great deal of attention during the balance of this year, particularly in light of a bill introduced by U. S. Senator Max Baucus of Montana which would establish federal standards for the certification of Medicare supplemental policies as well as provide criminal penalties for certain abusive sales practices. This bill would, of course, represent an unprecedented intrusion into the regulation of the insurance industry by the federal government.

LIABILITY INSURANCE PROBLEMS OF GOVERNMENTAL ENTITIES

The availability and affordability of liability insurance protecting governmental entities against lawsuits continues to be a problem for municipalities and other local governments, particularly with respect to alleged Civil Rights Act violations and false arrest coverages. Director Gollaher serves as the Vice Chairman of the D(2) Subcommittee of the National Association of Insurance Commissioners and this subcommittee was able to

convince the Insurance Services Office and the National Association of Independent Insurers (both of which are statistical agents for large groups of insurers) that detailed statistical loss experience should be gathered similar to that now tabulated for medical malpractice liability insurance. Unfortunately, it will be several years before adequate statistics are available.

In the meantime, the Association of Idaho Cities was successful in getting legislation passed that will allow Idaho cities to form what will be known as a governmental reciprocal insurance company. This special type of insurer will be exempt from premium tax and exempt from issuing assessable insurance contracts if adequate reinsurance protection is utilized. It was presumed by the Legislature in passing this bill that an adequate reinsurance market was available to successfully form this new type of a reciprocal insurance company. Unfortunately, it appears at this time that the type of reinsurance needed is not readily available.

INCREASE IN LICENSE FEES CHARGED TO AGENTS AND INSURANCE COMPANIES

During the last legislative session, the Idaho Senate Commerce and Labor Committee appointed an Insurance Industry Advisory Committee. This advisory committee was given the assignment of determining a fair and reasonable fee schedule for the issuance of licenses, review of annual statements, and other services performed by the Insurance Department that would be commensurate with the actual cost of providing these services. The Insurance Industry Advisory Committee responded by reviewing the operations of the Department and recommending a doubling of most of the fees. It appears at this writing that the entire cost of operating the Department could be offset by the new fee schedule mandated by the Legislature. Therefore, all of the revenue resulting from premium taxes would be available for other functions of State government.

STATISTICAL REPORTS REQUIRED BY S.B. 1039

During the year 1978, it became evident that the existing laws requiring insurers to report various statistics concerning medical malpractice and legal malpractice liability insurance were inadequate for the purpose intended, namely to determine if the rates were adequate or excessive. Therefore, the Department of Insurance sponsored S.B. 1039 which was designed to give sufficient information to determine whether or not insurance companies were making or losing money writing products liability insurance as well as medical and legal malpractice insurance. The new law requires that statistics concerning (a) the number of exposures, (b) the direct premiums written, (c) the direct premiums earned, (d)the direct losses paid including the amount and number of claims, (e) the direct losses incurred, (f) the direct losses unpaid including the amount reported and the number of claims, and (g) the net losses incurred but not reported. Before arriving at the final draft of the bill, Chief Deputy David Vaughn reviewed the reporting laws of several states and consulted with several insurers and insurance trade associations. The format that was finally selected was derived from the medical malpractice loss experience form that was recently drafted by the Blanks Committee of the NAIC to be filled out and included in the insurers annual statement. The law also gives the insurance director considerable latitude as to the information he can require so that ultimately a reporting form can be utilized which will give all the information indicated by Section 41-1428, Idaho Code. This section requires the insurance director to gather sufficient data to determine if the rates charged by insurers for property and casualty

insurance are adequate, but not excessive and not discriminatory. It is obvious that policy year data will be necessary in addition to the foregoing information before an actuary can actually determine the fairness of a particular insurance rate. Therefore, it will take a considerable amount of research to determine a feasible approach to a truly effective means of gathering and analyzing such a large volume of statistics. Director Gollaher has requested that the B(4) Subcommittee of the NAIC develop a model reporting format as soon as possible. In the meantime, it appears that only the above outlined statistics can be feasibly gathered and then only for the critical types of insurance required, namely products liability, medical malpractice liability, and legal malpractice liability insurance. The NAIC central office has announced that all of the data of all the annual reports being submitted by the insurance companies of the several states will be entered into a central computer. Various types of reports can then be compiled by this master computer and sold back to the states at the nominal actual cost of the computer printout. Thus, it may ultimately be possible for Idaho to obtain the necessary data directly from the NAIC central office and thereby avoid the expense of separately tabulating the data from the reports required by S.B. 1039 from each separate company writing this type of business in Idaho.

PRODUCTS COMPLETED OPERATIONS LIABILITY TORT REFORM

When Governor Evans concluded that it would be necessary for him to veto H.B. 539 passed by the 1978 Legislature to restrict somewhat the right of citizens to sue for damages involving products sold or manufactured, Director Gollaher was instructed by Governor Evans to not only develop legislation requiring insurance companies to report adequate statistics regarding product liability lawsuits but to appoint a committee to draft product liability tort reform similar to the provisions in the model bill developed by the U. S. Department of Commerce. Director Gollaher was also instructed to include in this committee a broad spectrum of members representing trial lawyers, defense lawyers, consumer associations, retail and manufacturer trade associations, and the insurance industry. Director Gollaher expects to form such a committee and have a tort reform bill drafted for consideration by the 1980 legislative session.

SUMMARY OF LEGISLATION ENACTED IN 1979
RELATING TO THE DEPARTMENT OF INSURANCE

I. 1979 IDAHO SESSION LAWS, Chapter 150, pp. 463-465.

This act added Sections 49-243 through 49-246 to Chapter 2, Title 49, Idaho Code. This act requires that a certificate or proof of liability insurance shall be in the possession of the operator of every motor vehicle or present in every motor vehicle at all times when said vehicle is operated within this State. Failure to have a certificate of liability insurance in the possession of the operator of a motor vehicle or present in the vehicle is made a misdemeanor. The act also defines a certificate of liability insurance as the original contract of liability insurance or copy thereof demonstrating the current existence of liability insurance or other certificate prescribed by the director of the Department of Insurance which demonstrates current insurance against loss resulting from liability for bodily injury, death or damage to property suffered by any person due to an automobile accident. The amount of coverage required is an amount not less than that required under Idaho Code Section 49-1521 ($10,000 because of bodily injury or death of one (1) person; $20,000 because of bodily injury or death of two (2) or more persons and $5,000 because of injury to or destruction of property of others.

II. 1979 IDAHO SESSION LAWS, Chapter 40, p. 62.

This act added Section 41-3102A to the Idaho Code which enables domestic county mutual insureds to convert to a domestic mutual insurance company upon the affirmative vote of not less than two-thirds (2/3) of its members and the approval of the director of the Departmtent of Insurance. The newly converted domestic mutual insurer is required to have the same capital and surplus requirements as other domestic insurers transacting like kinds of insurance.

III. 1979 IDAHO SESSION LAWS, Chapter 283, p. 727.

This act was an appropriation bill to appropriate $522,900 to operate the Department of Insurance from July 1, 1979, through June 30, 1980. $405,400 was designated for personnel costs and $117,500 was designated for operating expenditures.

IV. 1979 IDAHO SESSION LAWS, Chapter 318, p. 853-858.

This act enables a "domestic governmental reciprocal insurer" to insure "governmental entities" as defined in Idaho Code Section 6-902. A "domestic governmental reciprocal insurer" which exclusively insures governmental entities is exempt from the premium tax imposed under Idaho Code Section 41-402, and from the surplus funds requirements of Idaho Code Section 41-2906, but requires a domestic governmental reciprocal insurer to establish a loss paying fund in an amount sufficient to meet the requirements of a reinsurer for the purpose of purchasing excess of aggregate insurance. Idaho Code Section 41-2926(4) enacted by this act provides that the director of the Department of Insurance shall issue a certificate to a domestic governmental reciprocal insurer which is insuring only governmental entities of the State to authorize it to extinguish any contingent liability of the members of the insurer under its policies, and to omit provisions imposing contingent liability in all policies delivered or issued for delivery in the State.

V. 1979 IDAHO SESSION LAWS, Chapter 122, p. 375.

This act is to increase the fees charged by the Department of Insurance to agents, brokers, insurers, and others in the regulation of the insurance business in Idaho.

VI. 1979 IDAHO SESSION LAWS, Chapter 107, p. 341.

This act requires authorized insurers to submit statistical reports to the director of the Department of Insurance whenever such insurers are transacting insurance to cover (1) medical malpractice insurance for physicians and surgeons; (2) legal malpractice insurance for attorneys; (3) products liability insurance; or (4) any other insurance which the director of the Department of Insurance may specify.

VII. 1979 IDAHO SESSION LAWS, Chapter 98, pp 236-240.

This act extends the existence of the statutory temporary "Joint Underwriting Association" from January 1, 1978, to January 1, 1982. The "Joint Underwriting Association" is comprised of a membership of all insurers transacting casualty insurance in Idaho on a direct basis. It is designed to provide a market for medical malpractice insurance on a self-supporting basis in the event that the director of the Department of Insurance determines that medical malpractice insurance is not otherwise readily available in the voluntary market on a reasonably competitive basis at rates which are not excessive, inadequate, or unfairly discriminatory.

VIII. 1979 IDAHO SESSION LAWS, Chapter 314, pp. 846-849.

This act amended Idaho Code Section 41-506(1)(q) to specifically include credit unemployment insurance which indemnifies a debtor for installment or other periodic payment on indebtedness while the debtor suffers a loss of income due to involuntary unemployment within the definition of "miscellaneous" insurance as a subclassification of "casualty insurance". This act also amended Idaho Code Section 41-1317 to exempt group credit unemployment insurance from the prohibitions against the fictitious group law.

IX. 1979 IDAHO SESSION LAWS, Chapter 186, p. 544.

This act extends the waiting period for workmens' compensation rate filing to be deemed approved by the director of the Department of Insurance (unless he disapproves the rate filing prior to the expiration date) from fifteen (15) days to sixty (60) days.

SUMMARY OF LEGISLATION RELATING TO INSURANCE INTRODUCED IN 1979 AND NOT PASSED

S1052: Insurance - Adds to existing law to prohibit any charge greater than $25.00 for a policy of title insurance on property which has had a policy issued within two years.
Died in Senate Committee.

S1100: Insurance - Adds to and amends existing law to require mandatory auto liability insurance.
Died in Senate Committee.

S1144: Insurance - Amends existing law to provide that group life and group liability insurance policies issued by or in behalf of governmental entities not be subject to the premium tax.
Died in Senate Committee.

S1165: Insurance - Amends existing law to provide that insurers cannot discriminate against persons solely because the person has a sensory, mental or physical handicap.
Died in Senate Committee.

H190: Insurance - Amends existing law to provide that automobile liability insurance limits be not less than $25,000 for one person and $50,000 for two persons for bodily injury or death in any one accident.
Died in House Committee.

H214: Insurance - Amends existing law to provide continued coverage for a limited period for persons leaving groups under group health insurance plans, and providing for conversion to individual coverage.
Died in House Committee.

H224: Fraternal Benefit Societies - Amends existing law to increase fees for fraternal benefit societies under the Insurance Code.
Died in House Committee.

HJM8: Insurance - Petitioning Congress to reject any legislation to amend the McCarran-Ferguson Act.
Passed the House, died in the Senate.

DEPARTMENTAL REGULATIONS

Department Regulation No. 33

This regulation prescribes the manner and the circumstances under which Idaho domestic insurance companies may purchase and sell exchange-traded call options for securities.

Department Regulation No. 34

This regulation was adopted to supplement the provisions of Idaho Code Sections 49-243 through 49-246 which require that a certificate or proof of liability insurance shall be in the possession of the operator of every motor vehicle, or present in every motor vehicle at all times when said vehicle is operated within this State. Insurance Department Regulation No. 34 prescribes the format for the certificate of liability insurance as is required under the act.

DEPARTMENTAL BULLETINS

Bulletin #78-4

This bulletin was an announcement to the credit disability portion of the insurance industry that the Department of Insurance is now allowing the writing of credit disability insurance on an outstanding balance basis with one premium for all durations where the loan is made for a stipulated term with a constant monthly payment. It cannot be used on a revolving charge account. This regulation also states prima facie monthly rates per $1,000 of insured indebtedness.

Bulletin #79-1

This bulletin describes the filing procedures to be followed by authorized insurers filing annuities, life and/or accident and health insurance in Idaho and describes the transmittal letter which must be submitted in duplicate with each filing.

ATTORNEY GENERAL OPINIONS

One official Attorney General opinion directly affecting the Department of Insurance and its functions was written during the fiscal year.

Attorney General Opinion #78-35

At the request of the Director of the Department of Insurance, an opinion was given which confirms the obligation of the Idaho Life and Health Insurance Guaranty Association owes to certificate holders who are residents of the State of Idaho, even though the underlying group policy was issued to a policyholder who is not a resident of Idaho. Also, the Idaho Life and Health Insurance Guaranty Association owes an obligation to all certificate holders under group policies issued to residents of Idaho, regardless of the residence of the certificate holder.

INSURANCE DEPARTMENT LITIGATION

The Idaho Department of Insurance was a party to three cases under litigation in the district courts of the State of Idaho during 1978-79.

1. State of Idaho, Department of Insurance, ex. rel. Monroe C. Gollaher, Director, vs. Lawrence A. Wolfley was a petition for review of an administrative hearing. The administrative hearing had resulted in the revocation of an insurance agent's license for violation of a Departmental regulation which required the agent to complete and leave with his client a comparison statement upon replacing an existing life insurance policy with another policy issued by a different insurance company. The agent appealed to the district court for Ada County alleging that the regulation was unconstitutional. This case was then transferred to Bonneville County on the appellant's motion for change of venue and was under discovery over the 1978-79 year.

2. State of Idaho, Department of Insurance, ex. rel. Monroe C. Gollaher, Director, vs. Northwest Federation of Independent Businesses, Inc., et al, is a case commenced by the Insurance Department to enjoin activities of the defendant which the Director has alleged are the unlawful transacting of insurance without a Certificate of Authority from the Insurance Department. The defendants have denied that they are transacting insurance, and have counterclaimed that they are an employers' association which has established an employee benefit plan pursuant to the Employee Retirement Income Security Act of 1974. The Defendants have alleged that they have complied with all applicable provisions of the Employee Retirement Security Act of 1974, and that they are not subject to state regulation, and have prayed for a declaratory judgment to that effect. This case has been going through discovery in preparation for a trial on the merits.

3. There was also litigation pending during the 1978-79 fiscal year relating to a routine triennial examination of a domestic insurer, Sierra Life Insurance Company.

ADMINISTRATIVE HEARINGS

During the fiscal year 1978-79, the Department commenced forty-six administrative actions and completed forty-six administrative actions. Seven administrative actions were pending at the end of fiscal year 1978-79. The administrative actions resulted in the revocation of seven insurance agent licenses.

RECEIPTS AND EXPENDITURES OF IDAHO DEPARTMENT OF INSURANCE

Fiscal Year Ended June 30, 1979

(Cents Omitted)

RECEIPTS:		
Premium Tax	$13,711,569	
Licenses	327,902	
Services and Fees	79,848	
Penalties	10,027	
Total Receipts		$14,129,346
Transferred to Firemen's Retirement Fund	$ 574,390	
Transferred to General Fund	13,554,956	
Total Receipts		$14,129,346
EXPENDITURES:		
Salaries		$ 300,777
Personnel Benefits		66,196
Travel, including Board and Lodging		11,994
Capital Outlay		7,017
Other Expenses:		
Special Services and Court Costs	$ 71,727	
Freight and Postal	11,535	
Telephone	6,196	
Printing and Binding	9,979	
Dues and Subscriptions	1,243	
Repairs and Maintenance	2,286	
Materials and Supplies	5,098	
Rent	27,927	
Total Other Expenses		135,991
Total Expenditures		$ 521,975
Excess of Receipts over Expenditures		$13,607,371
Percentage of Expenditures to Total Receipts		3.69%

AGENTS' QUALIFICATION AND LICENSE SECTION

July 1, 1978 through June 30, 1979

APPLICATIONS FOR LICENSE RECEIVED:

Agents	2,485
Brokers	61
Consultants	2
Adjusters	37

January 1 through December 31, 1978

	NUMBER
Companies examined	14
Examination reports reviewed	80
Annual statements reviewed for license renewal	988
Premium tax statements audited	998
Annual statements audited	17

Under applicable provisions of the Idaho Code, the Director of Insurance is authorized to examine the business and affairs of each authorized insurer as often as he deems advisable to determine its financial condition, its ability to fulfill and the manner of fulfillment of its obligations, the nature of its operations, and its compliance with all applicable laws. Domestic insurers are examined not less frequently than every three years except when financial or other conditions warrant examinations at shorter intervals of time. In accordance with procedures established by the National Association of Insurance Commissioners, examinations of foreign insurers are conducted jointly with supervisory authorities of a representative number of other states in which the insurers are licensed. Examinations are at the expense of the insurers as provided under §41-228, Idaho Code. During the calendar year 1978, the Department conducted or participated in 14 examinations.
